

APRIL 2011 NEWSLETTER

Kia Ora,

We are very excited about taking over the Management Rights of the Taupo Squash Club. We are committed to continue the great work the Colyer family have done over the past few years and are enthusiastic about new challenges ahead for us. We are keen to hear your ideas about events, socials, tournaments etc that we can run in the club and will be asking members to fill out a survey in the very near future. We are grateful for all the support already shown to us by both the Taupo Squash Club Board and the members. Thank you and we look forward to meeting all the members.
